and 4. December 2024**

Four-part interactive online format

Who better to learn from than colleagues? Like in a spontaneous conversation in the coffee kitchen, established interior designers and planners share their secrets of success in an interactive online talk with md editor-in-chief Johanna Neves Pimenta.

You don't become an interior designer to get rich!

In the new webinar format, md invites interior designers to talk about their everyday work. The common feature of all the interviewees is their special love for their profession. Topics such as "setting up an office" and "new fields of business" encourage the listeners to dare to try something new.

The companies sponsoring this webinar series show how important the interior designer is to them, that they are partners of interior designers and support them as consultants.
