.HOUSING

As urban areas grow, available living space is shrinking, especially in major cities. The demand for innovative small-space solutions is therefore on the rise. From the kitchen to the living room and the bathroom, md showcases how to create stylish touches in compact areas. A special focus is on the unique design culture of Northern Europe.

.SUSTAINABILITY

Often the best solutions are already in place. md focuses on building within existing structures, revealing how to successfully repurpose spaces. Additionally, md explores the trend for vintage furniture and looks at how interior furnishings can be produced in a more resource-efficient way in the future.

.GENERATION SHIFT

The retirement of the baby boomers is impacting industries across the board, including architecture. md highlights interior design firms that are navigating this transition successfully, offers practical insights for smooth succession and presents solutions for when the generational handover doesn't go as planned.

.TOPICS

.FURNITURE

A room's character is defined not by its size but by its furnishings. md highlights furniture pieces that make a lasting impression.

.DOORS

Often unnoticed, doors quietly serve their purpose. Yet, they bring their own visual, tactile and technical flair. md shares its favourites.
